Student story 8

We’ve been learning about respect, respecting people and the environment ... [for example]

Yeah, there was a Redskin wrapper in the sink thing, and I picked it up and put it in the bin, and now that we’ve been doing this respect subject I’ve been doing all my work and haven’t been annoying anyone. And just been getting all my work done. ‘Cos before we did this subject I wasn’t like doing my work, being one of the rats. Not completing my work and thinking I’m too cool for work. And now that we’ve been doing this, it’s really helped and now I might be getting a better grade ‘cos I’ve been doing better, and yeah.

[Other changes are ]...I’ve been nice to other students and respecting teachers and respecting the environment, and not just the teachers but other students as well. Yeah.
